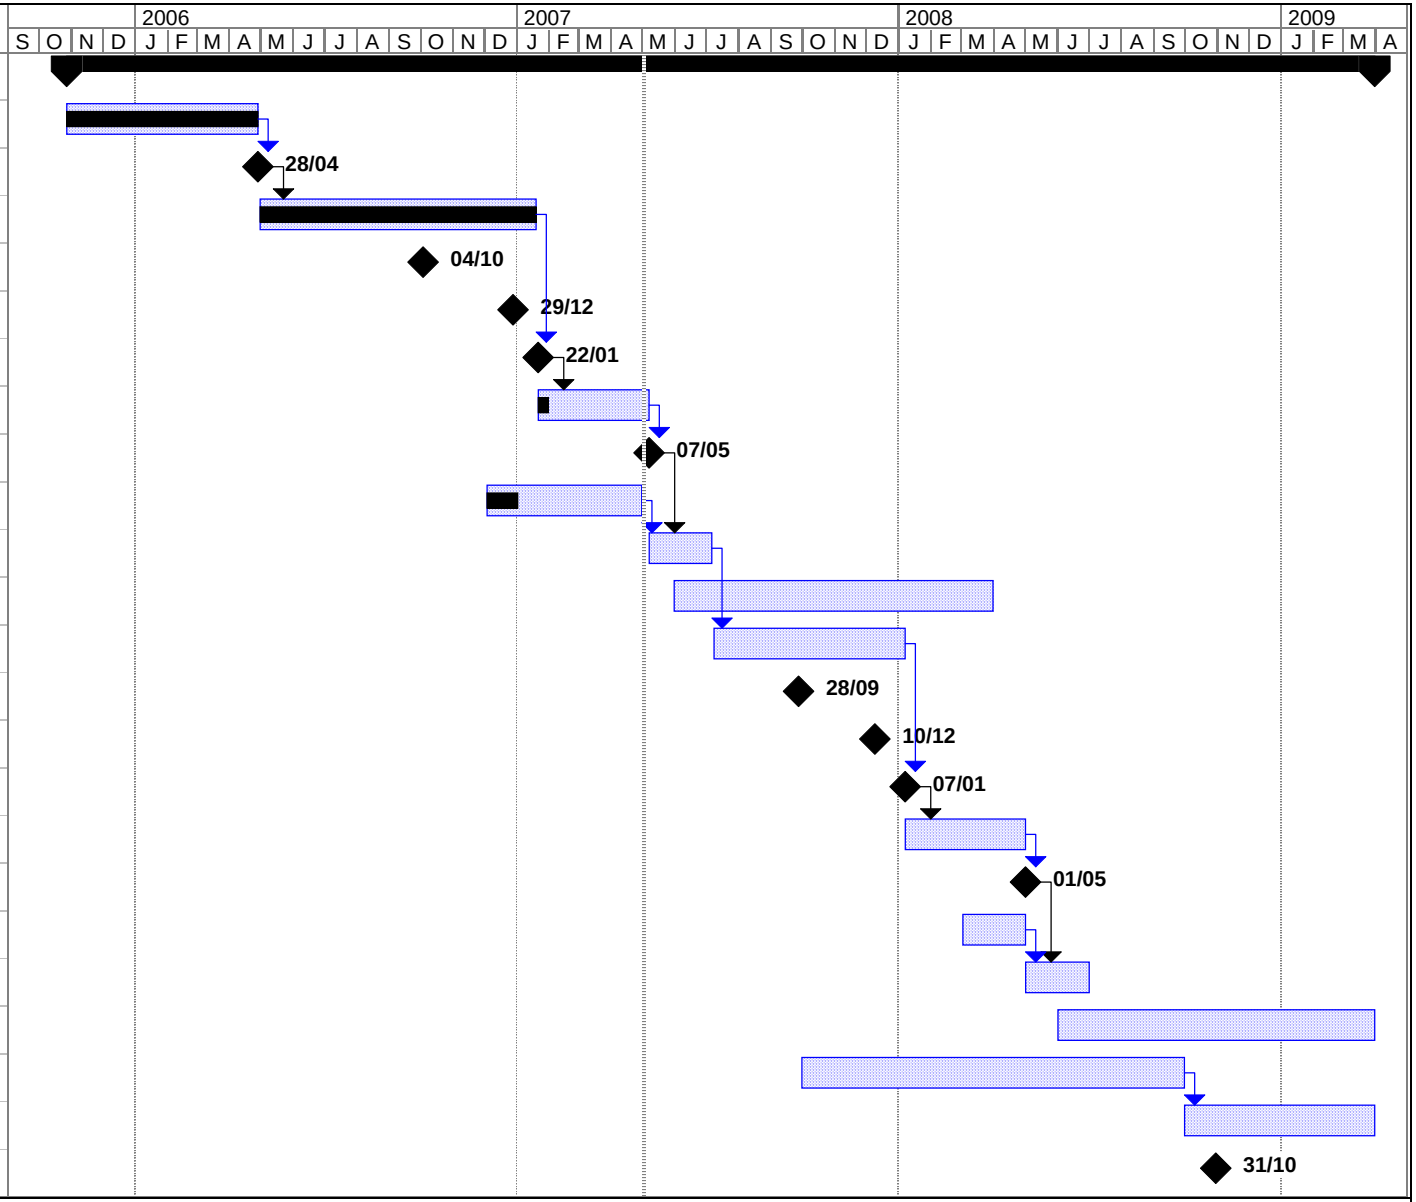
ID	Task Name
1	**CALICE WP3 - P. Dauncey (Imperial)**
2	Initial feasibility study
3	Preliminary design review
4	First sensor design
5	First sensor interim design review
6	First sensor design review
7	First sensor design to foundry
8	First sensor fabrication
9	First sensor fabrication complete
10	Prepare test stands
11	First sensor basic tests
12	First sensor detailed tests
13	Second sensor design
14	Second sensor interim design review
15	Second sensor design review
16	Second sensor design to foundry
17	Second sensor fabrication
18	Second fabrication complete
19	Upgrade test stands
20	Second sensor basic tests
21	Second sensor detailed tests
22	Beam test PCB design and fabrication
23	Beam test period
24	Beam tests start



Project: WP3 update
Date: Wed 02/05/07
